

First Annual Membership Drive - June 2015

That's right – it's our first annual membership drive! Sure we've had membership drives over the years but this is the start of something new. Beginning this year, we at Clyde Bailey would like to encourage you to opt into our annual membership program which will run from June-June each year. The reason for this new membership program is to:

1. Simplify and create a consistent membership roster
2. Make it easier for you to remember when dues are due
3. Why June? This is the time of year when most of our summer visitors are arriving and we want to be sure they don't miss the chance to participate. It's also when we're preparing for our annual membership meeting and cookout (July) which we need an accurate member count to establish a quorum number for.

What do my membership dues pay for?

The annual membership cost is still just \$60. Membership dues go towards operation costs for meetings and events. Also, because being a member allows you access to the club during non-meeting and event times (for stepwork, work with sponsees etc.), it supports the costs of opening the building during off hours.

What are my responsibilities as a club member?

You are not required to do anything as a club member but we do offer many opportunities for service and otherwise getting involved.

How do I join?

If you have paid membership dues in the past, you are already a member. Please simply drop a check in the dropbox located in the closet of the main room. Your check of \$60 will renew your membership through June of 2016 – even if yours dues have lapsed over months or years gone by.

If you have not paid dues in the past, please fill out a membership application form and drop it with your check in the amount of \$60 into the drop box.

We will be giving out bumper stickers to all members who sign-up or re-up with us this June!

Clyde Bailey Mission Statement:

The mission of the center is to provide a place where persons recovering from alcohol or drug-related problems may participate in activities in an alcohol-drug free environment, and to provide an effective support system.
